A man by the name of RUEL CLAPP has engaged with a young man of the asine of S. P. Townsend, and uses his name to put up a Sarasparilla, which they call Dr. Townsend's Sarasparilla, denominating it GENUINE, Original, etc. This Fownsend is no doctor and never was, but was formerly a worker on railroads, tanals, and the like. Yet he assumes the title of Dr., for the purpose of gaining credit, which he says, I have sold the use of my name for Dis week. Twill two S. T. Townsend \$500 if he will produce one single solitary proof of this. This is to caution the public not to be deceived, and purchase none but the GENUINE. ORIGINAL, OLD Dr. Jacob Townsend's Sarasparilla, having on it the Old Dr. likeness, his family cost of arms, and his signature across the cost of arms.

JACOB TOWNSEND.

OLD Jacob THE ORIGINAL

Principal office, 102 Nassaw-st., New-York City. DOCTOR l'ownsend. DISCOVERER

TOWNSEND SARSAPARILLA. Old Dr. Townsend is now about 70 years of are, and has long been known as the AUTHOR and DISCOVERER of the GENUINE ORIGINAL. "TOWNSEND SANSAPARILLA." Being poor, he was compelled to limit its manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who had proved its worth and known its value. It had reached the cars of many, nevertheless, as those persons who had been healed of sore diseases, and anved from death, proclaimed its excellence and wonderful HEALING POWER. This

Grand and Unequalled Preparation is manufactured on the largest scale, and is called for inroduced the land.

Unlike young S. P. Townsend's, it improves with age, and never changes, but for the better; because it is prepared on acceptific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the Art, have all been brought into requisition in the manufacture of the OLD DR.'S SARS (PAR-ILLA. The Sarsaparilla root, it is well known to medical men, contains medicinal properties, and some properties which are inert or useless; and others, which, if retained in preparing it for use, produce fermentation and acid, which is injurious to the system. Some of the properties of Sarsaparilla are so volatile that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process, known only to those experienced in its manufacture. Moreover these volamanufactured on the largest scale, and is called for throughout the length and

process, known only to those experienced in its manufacture. Moreover these vols-tile principles, which fly off in vapor, or as an exhalation, under heat, are the very essential medical properties of the root, which gives to it all its value. The GENUINE Old Dr. Jacob Townsend's Sarsaparilla is an prepared, that all the inert properties of the Sarsaparilla root are first removed, everything capable of becoming acid or of fermentation, is extracted and rejected; then every particle of medical virtue is secured in a pure and concentrated form; and thus it is remolered incapable of losing any of its valuable and healing proper Prepared in this way, it is made the most powerful agent in the

Cure of Innumerable Diseases. Hence the reason why we hear commendations on every side in its favor by mens women and children. We find it doing wonders in the core of CONSUMPTION, DYSPEPSIA, and LIVER COMPLAINT, and in RHEUMATISM, SCROFULA and PILES, COSTIVENESS, all CUTANEOUS ERUPTIONS, PIMPLES, BLOTCHES, and all affections arising from Impurity of the Blood.

It possesses a marvellous efficacy in all complaints arising from Indigestion, from Acidity of the Stomach; from unequal circulation, determination of bloods to the head, pulpitation of the heart, cold feet and cold hands cold chills and but flashes over the body. It has not had its equal in coughs and cold; and promotes easy expectoration, and gentle perspiration, relaxing stricture of the lungs, throat, and every other But in nothing is its excellence more manifestly seen and acknowledged than in Female Complaints. It works wonders in cases of fluor albus or whites. Falling of the Womb, Ob-tructed, Suppressed, or Painful Menses, Irregularity of the menstrual periods and the like; and is effectual in curing all forms of the Kidney Disease.

Nervous Diseases and Debility, Neuralgia, St. Vitus Dance, Swooning, Epilepsie Fits. Convulsions, &c.

It is not possible for this medicine to fail to do good; it has nothing in it which case ever harm; it can sever some or spoil, and therefore can never lose its curative properties. It cleaness the blood, excites the liver to healthy action, tones the stomach and gives good digestion, relieves the towels of torpur and constitution, silays in flammation, purifies the skin, equalizes the circulation of the blood, producing centle wearth sensities all over the losts, and the insensities requirement, relates at

inflammation, purifies the sain, equalizes the circulation of the blood, producing gen-tle warnith equality all over the body, and the insensible perspiration; relaxes all The Medicine you Pre-eminently Need! But can any of these things he said of S. P. Townsend's inferior article? This young man's liquid is not to be Compared with the Old Dr.'s,

of the GRAND PACT, that the one is INCAPABLE of DETERIORA

while the other DOES; it sours, ferments, and blows the bottles containing it into fragments; the sour, acid liquid exploding and damaging other goods! Must not this horrible compound be possenous to the system? What! put acid into a system already diseased with acid! What causes I'yapepsia but acid! Do we not all know, that when food sours in our stormachs, what michiefs it produces?—flatoblence, heartburs, palpitation of the heart, flyer complaint, disribus, dysentery, cholic and corruption of the blood? What is Scrofuls but an acid bundon in the body? What produces all the humors which bring on Eruptions of the Skim, Scald Head. Salt Rheum. Eryapelus, White Swellings, Fever-Soues, and all ulcerations internalistic external? It is nothing under heaven but an acid substance, which sours, and thus apoils all the fluids of the body, more or less. What causes Rheumation but a som acid fluid, which insimuates itself between the joints and else where, ciritating and inflaming the tender and delicate tissues upon which is acts? So or servent diseases, of impurity of the blood, of deranged circulations, and nearly all the ail-ments which afflict human mature.

Now, is it not herrible to make and sell, and infinitely worse to use this

Souring, Fermenting, Acid " Compound" OF S. P. TOWNSEND!

and yet he would fair have it understood that Old Jacob Townsend's GENUINE, ORIGINAL SARSAPARILLA, is an IMITATION of his inferior preparation?

Heaven forbid that we should deal in an article which would hear the most dis-tant resemblance to S. P. Townsend's article! and which should bring down mon-the Old De, such a mountain load of complaints and criminations from agents wh-have said, and purchasers who have used S. P. Townsend's FERMENTING COM-PARTY TO 1. We wish it understood, because it is the absolute truth, that 8 P Townsend's article and this Dr. Jacob Townsend's Sarsajorilla are beaven wide apart, and infinitely dissimilar; that they are unlike in every perticular, having not one single thisse is common. thing in common.

As S. P. Townsend is no elector, and never was, is no chemist, no pharmaceutist-As S. P. Townsend is no doctor, and never was, is no chemist, no pharmaceutist—knows no more of medicine or disease, than any other common, suscicutific, un professional man, what guarantee can the public have that they are receiving a genuine scientific medicine containing all the properties of the articles used in preparing it, and which are incapable of changes, which might render them the AGENTS of DISEASE instead of health?

It is to arrest frauda upon the unfortunate, to pour halm into wounded he manity, to kindle hope in the despairing busom, to resoure health and bloom and vigor into the crushed and broken and to banish infranity—that old 19R. JACOUTOWNSEND has Sought? and FUUND the opportunity and means to bring his

Grand Universal Concentrated Remedy, thin the reach, and to the knowledge of all who need it, that they may learn and mow, by joyfol experience, its Transcendent Power to Heal!

and thus to have the unpurchasable satisfaction of having raised thousands as milhon, from the hel of sickness and despondency, to helpe, health, and a long life rigor and overfulness to themselves, their families and friends.
